

Angels come in all shapes and sizes.  
Some fly the regional airways!  
Hope you find yours one day soon.  
But guess what?  
You'll never understand a woman -  
They are one of God's mysteries in life!

Must fly,  
Jill

# Pearls Of Wisdom

For the bewildered male  
& his mate!

By Jill Kemp

Whilst in conversation with a fellow passenger during a long plane flight, I was asked by a very bewildered male, who had been hurt by several failed relationships,

**“What do women actually want?”**

Having been married for 40 years, I drew from personal experience to speak into his life some helpful tips. These, together with his own ideas of what he held to be important in a companion, are compiled in this booklet in the hope that they might help to strengthen your own relationship.

Some may dismiss these ideas as old fashioned, but think of them like an umbrella — they cover anybody and they work! Change the style if you like but give them a try — you might be surprised!

Finding the way your own mate  
EXPRESSES their love  
is a REVELATION!

1. Quality time
2. Gift Giving
3. Physical touch
4. Words of affirmation
5. Acts of service

Finding your mates Love Language  
frees YOU and THEM from an  
UNREALISTIC EXPECTATION!

Maybe your mate, like mine,  
Is not so great at buying gifts, or having deep  
heart to heart conversations, but his acts of  
service — the practical things he does for me,  
express his love.

SCRAP  
the  
PITY PARTY  
ENJOY and VALUE  
What you have!

Researchers have discovered that  
Women who get plenty of  
HUGS  
NOT GROPE  
are easier to live with and  
are more responsive to  
Romantic advances.

HUGS  
make them feel  
SECURE and LOVED.

Marriage vows say:  
“To love and to cherish .....”  
which means:  
To treat with affection;  
protect; encourage.

WORDS of ENCOURAGEMENT  
are  
POWERFUL.

MEN get aroused by  
what they SEE  
But  
WOMEN by what they HEAR

WORDS of endearment  
Or  
compliments  
Are the KEYS  
to a woman's  
HEART.

It takes about 20 minutes to  
adjust from work mode to home.  
This applies to both genders.

They may have a ritual – read the  
paper, check the email or have a  
drink and watch T.V.

UNDERSTANDING  
this process  
PREVENTS  
unnecessary nagging  
and FRUSTRATION!

Communication is the KEY to  
good relationships.  
Talk about things that are bothering  
you, but remember

TIMING IS IMPORTANT!

A GENTLE answer  
DEFUSES anger.

Anger and violence  
ACHIEVE NOTHING  
and  
DESTROYS  
relationships.

Remove yourself and cool down.

NEVER use SEX as a weapon.

Nagging won't change your  
Partner, but a  
LOVING  
RELATIONSHIP MIGHT!

DON'T SWEAT the small stuff!

CHOOSE your battles  
In 10 years time will this  
REALLY MATTER?

During an argument  
ATTACK the PROBLEM  
Not the Person  
NEVER  
play the BLAME GAME,  
bring up previous  
Relationships, or the mother in law!

If she has kids  
THEN she's a PACKAGE DEAL!  
Find ways of relating to them.

Don't carry disagreements over  
to the next day.  
Make up BEFORE you go to sleep.

Even if you know you are not at  
fault, be the FIRST to say  
"I AM SORRY."

Your relationship is MORE  
IMPORTANT than your pride!

Before I got married  
a wise old lady told me:

A HUNGRY man  
is an ANGRY man.

If you have crashed  
HIS car  
or have blown the budget,  
FEED HIM FIRST  
before you break the news  
and he will  
REACT BETTER.

I have used this principal  
throughout my marriage.

WISDOM  
not manipulation!

The WAY to a man's HEART  
Is through his stomach!

Our Grannies knew a trick or two!  
They'd cook up an onion if dinner  
was running late and their hungry  
man was due home.

In the 21st Century the same princi-  
pals can be applied to life. Even the  
smell of coffee brewing gives your  
whole family the feeling of "I'm  
home!"

When a man is sick he appreciates  
EMPATHY  
and  
KINDNESS!

There is a little boy inside every  
MAN.

Men (and boys) need to be  
ADMIRED  
the fish they catch, any male  
exploits or jobs that they do.  
Especially their  
Muscles, Crown Jewels  
and  
PROWESS!

Relax GUYS you won't always  
hit the High notes!  
Life isn't like the movies!

Women need to be  
COMPLIMENTED  
WORDS are the KEY to her  
heart.  
The most important of these are:  
I LOVE YOU  
And I AM SORRY

UP BURPS  
&  
DOWN BURPS  
are part of the make up of the  
male species -louder brings  
about the most satisfaction -  
As is map reading, knowing  
from which direction the wind is  
blowing and mileage.

GUYS  
woman do like the  
TOILET SEAT DOWN!  
Women usually don't know  
which way up a map is.  
If they get lost, they stop and ask  
BEFORE  
they go a further  
20 kilometers!

Two opinions can  
BOTH be RIGHT  
depending on the viewpoint.

The SECRET  
to good relationships is to  
RESPECT  
the other's point of view as being  
VALID  
then coming to a  
MUTUAL AGREEMENT.

Even if it means  
AGREEING to DIFFER!

Women like to  
THINK  
they are right!

Don't underestimate  
WOMEN'S INTUITION!

In a woman's eyes  
KINDNESS  
in a man  
is  
MORE IMPORTANT  
MACHO!

Get you finances sorted  
DEBT  
and  
FINANCIAL  
pressure being one of the main  
causes of  
relationship break up.

Your MATE cannot fill EVERY  
need of your inner heart  
They are only human!

When all else fails  
PRAY!

Men need to  
spend time with other men.  
Its called  
MALE BONDING  
It happens in pubs, clubs, family  
& social occasions.

Women need to  
SHOP and TALK.

When they talk, men need to  
LISTEN  
and agree;  
they are not  
necessarily required to answer  
OR  
to have an  
Opinion about  
ALL  
they hear.
