

#### 4. The Happy Builder

By Jill Kemp

I'm a happy builder I work hard every day  
*fists make hammer action alternating to top of other fist*  
Making things that people need  
I work with wood this way  
**Hammer Hammer Hammer hammer**  
Using wood this way  
Making things that people need  
I work hard all day

Chorus:

Build it well and build it strong  
*fingertips of one hand into middle of other palm*  
*changing hands and moving upwards*  
Hammer hammer hammer this way  
hammer  
You can't go wrong  
Build it well and build it strong  
*"building" upwards*  
Saw saw saw and sand all day long  
*sawing motion*  
Build it well and build it strong ...
