

Our Missionaries

By Jill Kemp

Illustrated by Richard Gunther

The money we give
will send missionaries
from our church to help
people in other countries.

They help to build hospitals,
schools, churches and
houses, for all the children
in the orphanage.

Our money buys water pumps, so that they have clean water to drink. This will stop the children getting sick.

Our missionaries help
them to grow their own food
for the children and they will
have some vegetables to sell.

We can buy goats and chickens,
so there are eggs and milk
for the children to eat
and some to sell.

Our missionaries help look after
the sick children too.
We send money to buy medicine
to make sick people better.

The children love the books
we send with our missionaries.
They hear how much
Jesus loves them.
