

18. I Live Inside My Body

By Jill I Kemp.

Tune: My Eyes Have seen the Glory - traditional.

I live inside my body and
I look out through my eyes
I make my body wiggle
And even exercise
I live inside my body
But my body isn't me
'Cause I fit inside it snugly and
Through my eyes I see
It is a special body and
I love the skin I'm in
God made me very special and
I'm designed by Him
One day I'll go to heaven
And see Him face to face
He's made a house of treasures
And for me a special place

Chorus: Glory ...

God has a body for me and
I will be real cool
It'll be a perfect body
Not hurt or sick at all
I'll fit inside my body and
I will look like me
God's awesome and amazing
He has got my recipe!

When I get my brand-new body
I'll see out through my eyes
And I will be in heaven and
Play in paradise
Wow! Heavens awesome!
Hey - I can see out my eyes!
It's beautiful!
There's Jesus!
Look at the Angels!

Chorus:

Glory, Glory, Hallelujah x3
I know that God loves me!

Parents and teachers sometimes find it difficult to explain to a child about death and heaven. Try this using a glove as "body" or skin and hand as "yourself."

Show hand (yourself.)

Put hand inside glove (your body.) You make your body move.

Turn glove round to show eyes sewn or drawn on - we live in our body and see out our eyes. When we die, we have finished with our body (remove glove) and our "self" goes to heaven to be with God.
